Programming Languages: Python, SQL, JavaScript, HTML, CSS

Data Analysis: Pandas, NumPy, Microsoft Excel

Data Engineering: Data Modelling, Database Management, Query Optimisation

Data Visualisation: Power BI, Tableau, Matplotlib, Plotly

Artificial Intelligence: Machine Learning, Deep Learning, Neural Networks, Natural Language Processing (NLP), Natural Language Understanding (NLU), Generative AI (GenAI)

Cloud Computing: Google Cloud Platform, Gemini Enterprise Agent Platform

Project Management: Git, Scrum, Agile

Experience

Singapore Armed Forces

Jul 2024 – Jul 2026

Admin Support Assistant

- Digitised and reformatted records to improve data integrity and readability, maintaining documentation accuracy across the unit.
- Designed and documented new standard operating procedures for depot clerks, streamlining knowledge transfer and reducing onboarding time for incoming personnel.
- Managed daily operational reporting (parade state, logistics checks).

AsiaOne Online Pte. Ltd.

Sep 2023 – Jun 2024

Data Science Apprentice

- Built an end-to-end social listening model and pipeline to conduct user behaviour analysis (semantic analysis through NLU) on unstructured social media comments, applying NLP, NLU, and GenAI techniques, including Singlish translation, topic modelling, and attribute extraction.
- Played a pivotal role as 1 of 2 data scientists in a 5-member team to achieve the Innovation Award at Google AI Trailblazers Initiative, being the only SME to be awarded among 100 selected use cases and 46 awards granted.
- Foundational work earned the Silver Winner: AI-assisted Social Listening for Impactful News Coverage at WAN-IFRA's Digital Media Awards Asia 2025.
- Social listening model was subsequently deployed in a [live GE2025 news article](#), which analysed 647,585 online comments across 5 social networks and 116 verified social media accounts of the candidates, accredited media, alternative news media and relevant online communities.

Part-Time Retail Sales Associate in Tommy Hilfiger

- Delivered personalised customer service, upheld visual merchandising standards, and consistently contributed to monthly team sales targets through effective upselling and cross-selling.

Interests

Competitive sprinter since 2016 with a 5-day weekly training regimen. Longlisted for the SEA Games 2023 under the men's 4x400m relay team. Represented Team Singapore at the Asian Relays Championships 2026. Athletics has cultivated core professional values such as discipline, resilience, and a growth mindset that carry directly into my work.
